Morning David,

The following channels will not be utilized by LAWA for build out since they have found other suitable channels. The channels to be released back to the pool are:

771.18125 MHz. 349/350

771.30625 MHz. 369/370

773.20625 MHz. 673/674

Debajit Roy, P.E.
